BT. PETIERBUIRG, June 18.—About eleven hundred men, wounded at the battle of Vafangow, including lifty-five officers, have reached Liao Yang. The total Russian losses are about two thousand. General Stakeberg's force is marching north, the railroad being unable to transport more than a few thousand men. Special dispatches say the Russians at Vafangow had forty-two battallons. The Japanese had great superiority in artillery, having more than two hundred guns.

The Japaness officers and soldiers who were detained on board the Sado had prepared to commit suicide, but changed their minds when the Russians suddenly departed.

There was apparently no chance given the non-combatants on board the Hitachi to leave, and the Russians raked the crowded deck of the crippled transport with shrapnel.

The Japaness denounce this action as barbarity, indicating the clear intent of the Russians to kill defenseless men, instead of a simple desire to destroy the ships.

Sixteen Bodies of Victims of General Sloeum Disaster Taken From the River Yesterday.

### MANY FUNERALS YESTERDAY

The Number of Missing Now Amounst to Three Hundred and Twenty-five.

(By Associated Press.)
NEW YORK, June 18.—Unceasing search for over three days and nights has resulted to-night in the recovery of E81 bodies of victims of the awful disaster that befell the great excursion steamer General Slocum Wednesday. Although this appailing number does not represent the full extent of the calamity, hopes are expressed that comparatively few bodies remain to be recovered.

There is a possibility that when the charred hulk is brought to the surface, a considerable number of corpses may

charred hulk is brought to the surface, a considerable number of corpses may be found within the tangled mass of wreekage which has defied all the divers' attempt to complete exploration. Doubtless, too, many bodies have been swept away by the whirling currents of Hell Gate and carried out into the broad waters of Long Island Sound, or out past Sandy Hook to the open sea.

OVER 300 STILL MISSING.

The number still officially recorded tonight as missing is 325, but many of these have been accounted for, whose names have not been taken from the list, and others are among the dead whose identification is impossible.

The region in the vicinity of St. Mark's German Lutheran Church, in East Sixth Street, was to-day the scene of 114 funerals, representing the burial of nearly 200 bodies, almost all those of women and children. Enormous crowds thronged the streets of the quarter and a large force of police was necessary to prevent disorder and keep clear a passage for the long lines of hearses and carriages. Funeral services were held in no less than thirty-seven churches of various denominations in this section.

SIXTEEN BODIES RECOVERED.

Sixteen more bodies, recovered during the day, were brought from the scene of the wreck to the temporary morgue at the foot of East Twenty-seventh Street this afternoon. So great was the clamor for admission to the pier that all control of the crowd was lost, and on the entrance, the pier being thrown open, a rush took place, during which many persons were knocked down and stamped on.

rush took place, during persons were knocked down and stamped on.

Twenty-nine of the unidentified dead were buried to-day by the city, in the Lutheran Cemetery, leaving but eight bodies still awaiting identification in the morgue. The Executive Committee of the Mayor's Relief Committee met this afternoon at St. Mark's Church and made arrangements for all of the needy sufferers by the digaster.

WILL R SETHE SLOCUM.

Mayor McCleinan to-day authorized Police Commissioner McAdoo to contract with a wrecking company to raise the hull of the Slocum. A powerful tug was dispatched to North Brother Island tonight, with orders to raise the wreck as soon as possible, and tow it to shallow water off Ricker's Island, where it will be searched for any bodies that may yet remain in it.

The investigation of the coroner will begin Monday morning, and about 200 witnesses will be examined in the effort to fix the responsibility for the disaster.

## BIG FIGHT WILL OCCUR IN AUGUST

Jeffries-Munroe Match Will be Pulled Off the Last of That Month.

(By Associated Press.) SAN FRANCISCO, June 18 .- The Jefries-Munroe match has been postponed to the last week in August. Manager Cof-froth, of the Yosemile Club, and Harry froth, of the Yosemite Club, and Harry Pollock, manager for Munroe, were to-day at Hargin Springs, Jeffries's training place, and had an interview with the champion. Jeffries declared his ability and willingness to meet Munroe on June 80th, but Coffrot., after consulting with the surgeon in attendance, decided that it would be the wiser course to allow the big puglist more time to recover from his injury. Manager Pollock was agreeable to the long postponement, provided that he had some assurance that the match would be carried out. He stipulated that Jeffries should post \$5.000 by next Monday night, guaranteeing his appearance in the ring late in August. Jeffries agreed to post the \$5.000.

vice-presidential matter, said he favored Programme of Convention.

For Revision of Tariff.

The first sign of a fight in the Committee on Resolutions came into sight today in the efforts of Senator Hansborough, of North Dakota, to enlist recruits in favor of a declaration for revision of the tariff. The senator claims that in his interviews with delegates and members of the National Committee, he has found a strong sentiment in favor of reciprocity, especially with Canada. The senator would not say that he expected to get such a plank into the platform, as he clearly understood that the "stand-patters" are in control, and will be likely to have matters their own way. However, he is determined to make a fight before the committee for the insertion of a revision plank.

Programme of Convention.

Secretary Dover, of the National Committee, announced this afternoon the official programme for the three days of the convention. It is as follows:
